ANNEXURES TO THE DIRECTORS' REPORT

MANAGEMENT DISCUSSION AND ANALYSIS REPORT

INDUSTRY TREND AND DEVELOPMENT

The global economy witnessed a marked slowdown emerging economies as well as developed countries showed less than anticipated growth rate. In Domestic markets macroeconomic conditions showed signs of improvements, there was marginal increase in the GDP growth, with inflation falling within satisfactory levels, improved market sentiment post elections and Rupee remaining stable throughout the year. However, the South Indian markets showed very slow sign of progress especially in the Steel Products industry. The economic scenario was quite challenging last year however the Company achieved better than expected results.

OPPORTUNITIES AND THREATS

The overall steel pipe demand is estimated to grow at the rate of 6% in 2020 the consumption growth may go beyond 6% if investment is made in the infrastructure segments, with the gradual reduction in the fiscal deficit and consumer price index. The company's continued focus on cost reduction, its trust on increasing the sale of its products and various other customer excellence initiatives should help in presenting improved performances.

OUTLOOK

The Company is operating with focused efforts on cost control, reduction in cycle times, economies of scale, improvement on operational efficiency and efficient Working Capital Management Program. This has helped the Company in controlling costs and also to be competitive. Timely delivery has reaffirmed the self-dependable image created by the Company in the market.

RISK AND CONCERN

Financial charges in the form of interest is a massive matter of concerns for our Company as we are paying a substantial part of our profit in the form of our financial cost. Company is utilizing numerous bank facilities and consequently our financial cost is on the higher side. Serious efforts are required to bring it down. The prices of raw material and its volatility always have an impact. Inflation element also affects the Company in adverse manner as it is major factor responsible for hike in cost of elements of production viz .power & fuel, employees etc.

INTERNAL CONTROL SYSTEM

The Company has proper and adequate system of internal control to ensure that all assets are safeguarded and protected against loss from unauthorized use or disposition and that transaction are authorized, recorded

and reported correctly. The company has effective system in place for achieving efficiency in operations, optimum and affective utilization of resources, monitoring thereof and compliance with applicable laws.

HUMAN RESOURCE DEVELOPMENT

The Company continues to give priority to its human assets. The Company provides a fair and equitable work environment to all its employees. The Company is working continuously to create and nurture an atmosphere which is highly motivated and result oriented.

FINANCIAL PERFORMANCE

The financial performance of the Company for the year under review is discussed in detail in the Director's Report.

CAUTIONARY STATEMENT

Statements made in this Management Discussion and analysis describing the Company's current position and expectations for the future may be "forward looking statements" within the meaning of the applicable laws and regulations. Actual results may differ substantially or materially from those expressed or implied. Important developments that could affect the Company's operations include the downtrend in the industry global domestic or both, significant changes in political or economic environment in India.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 (the "Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2020, the profit and total comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the standalone financial statements in accordance with the Standards on Auditing ("SA"s) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("ICAI") together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidences obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

Sr. No.	Key Audit Matter	Auditor's Response
1	<p>Lease Hold Land Having Lease Period of 90 Years using modified retrospective Approach:</p> <p>Application of modified retrospective approach and right to use assets at its carrying amount but discounted using the lessee's incremental borrowing rate at the date of initial application, Under this approach, a lessee applies Ind AS 116 from the beginning of the current period. Additionally, under this approach asseses doesn't restate its prior period financial information and would not present a third balance sheet as at the beginning of the preceding period.</p> <p>Additionally the right to use of asset is measured at its carrying amount as if Ind AS 116 has been applied since the commencement date i.e. 01.04.2019, but discounted using lessee's borrowing rate at the date of initial application.</p> <p>We identified the value of right to use and lease liability of all the lease hold lands except held for surrender using the modified retrospective approach as a key audit matter. This estimate has a inherent uncertainty as the lease was entered in 90s.</p> <p>Refer Note no. 32(6)</p>	<p>Principal Audit Procedure</p> <p>Our audit procedure related to recognizing right to use of leasehold land and lease liabilities included the followings, among others:</p> <p>We found out the value of lease at the beginning when entered in agreement with authority,</p> <p>In line of terms we calculated useful life and rent/premium paid or payable.</p> <p>We found out the present value of FY 2018-19 then FY 2019-20 for each lease agreement separately.</p> <p>Further it we management has made view to apply Modified retrospective approach.</p> <p>Further, more there were two leasehold lands for which the agreement was entered before the balance sheet date thereby recognized same as leasehold land held for sale.</p>

The Company is expecting extension of time and no penalties are likely to be levied hence no provision has been made for the same.
- Note No. 32(7) to the financial statement which describes Jammu Unit's operations have been come to an end further the leasehold Land for Plant has been sold on 15 July'2020 for which the contract was entered before the balance sheet date. No sales have been made at Haridwar unit since April, 2020 due to lockdown.
However it contains a small portion of overall turnover.

- d) Note No. 32(12) to the financial statement which describes Account Confirmation in respect of certain accounts of Debtors have not been received and they are subject to confirmations. The management is of the opinion that adjustment, if any arising out of such reconciliation would not have material effect on the financial statement of the current year. Further the financial statement which describes Advance include claims receivables of Rs.45,99,924/- as on balance Sheet date for which there is no confirmation available.
- e) Note No. 32(14) to the financial statement which describes Advance include Rs.30,00,000/- to M/s Yamuna Industries to purchase RCC Cement Poles & Slab factory in Yamuna Nagar hence the business could not be operationalized thus stands closed. The amount is recoverable only on disposal of Assets.
- f) GST credit of Rs.2,16,000 regarding Rent paid for Corporate office at 81, Patpargunj Industrial Area, New Delhi – 110092, Delhi was taken and utilized.

Our opinion is not modified in respect of these matters.

Other Matters

The financial statements and the other financial information include the Company's proportionate share in jointly controlled assets of Rs.1700.57 Lakhs, liabilities of Rs. 1254.87 Lakhs, expenditure of Rs.1364.48 Lakhs and Net Profit of Rs. 268.50 Lakhs in regards to Pir Panchal Construction (P) Ltd. – JV and assets of Rs.276.82 Lakhs, liabilities of Rs.273.01 Lakhs & expenditure of Rs.7.29 Lakhs and Net Loss of Rs.7.29 Lakhs in regards to Advance Stimul Consortium and the elements making up the Cash Flow Statement and related disclosures (Refer Note No. 21) in respect of an Unincorporated Joint Venture which is based on Provisional Financial Statements from the respective operators and certified by the management.

Our opinion is not modified in respect of these matters.

Information Other than the Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Business Responsibility Report, Corporate Governance and Shareholder's Information, but does not include the standalone financial statements and our auditor's report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially

inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these Standalone Ind AS financial statements that give a true and fair view of the financial position, financial performance (including Other Comprehensive Income), cash flows and Changes in Equity of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified in the Companies (Indian Accounting Standards) Rules, 2015 (as amended) under Section 133 of the Act.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Standalone Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these Standalone Ind AS financial statements based on our audit.

We have taken into account the provisions of the Act and the rules made there under including the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made there under.

We conducted our audit of Standalone Ind AS financial statement in accordance with the Standards on Auditing specified under Section 143(10) of the Act and other applicable authoritative pronouncements issued by the Institute of Chartered Accountants of India. Those Standards and pronouncements require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the Standalone Ind AS financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the Standalone Ind AS financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the

Standalone Ind AS financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the Standalone Ind AS financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances, An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the Standalone Ind AS financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Standalone Ind AS financial statements.

1. As required by Section 143 (3) of the Act, we report that:
 - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - (c) The Balance Sheet, the statement of Profit and Loss (including other comprehensive income), and the cash flow statement and the statement of Changes in Equity dealt with by this report are in agreement with the books of account.
 - (d) In our opinion, the aforesaid financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.

"Annexure A" to the Independent Auditor's Report of even date on the Financial Statements of Advance Steel Tubes Limited.

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act").

We have audited the internal financial controls over financial reporting of Advance Steel Tubes Limited ("The Company") as of March 31, 2020 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial control system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and operating effectiveness of internal control based on the assessed risk. The procedures selected depend upon on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of

financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that

- (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and
- (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2020, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issues by the Institute of Chartered Accountants of India.

SIGNIFICANT ACCOUNTING POLICIES & NOTES TO ACCOUNTS

(Annexed to forming part of the accounts for the year ended 31st March 2020)

NOTE NO. 1 - NATURE OF OPERATION

1.1 Company Overview

Advance Steel Tubes Limited ("the Company") is a listed entity incorporated in India and is incorporated under the provisions of the Companies Act applicable in India. Having its registered office at 45/3 sight -4 industrial area Sahibabad, Ghaziabad India, having CIN: **L24231UP1978PLC004583**

The company has been engaged primarily in the business of manufacture and sale of Steel Products. The Company has its manufacturing facilities in India and sells products in India & Abroad. We declare with conviction that the company as its foreseeable life in the light of COVID-19 pandemic situation.

1.2 Basis of preparation

) Statement of Compliance

These financial statements are prepared in accordance with Indian Accounting Standards (IND AS) notified under Section 133 of the Companies Act, 2013 ("the Act") read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015, and presentation requirements of Schedule III to the Act under the historical cost convention on the accrual basis except for certain financial instruments which are measured at fair value.

Accounting policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

b) Basis of measurement

The Financial Statements are prepared under the historical cost convention on accrual basis of accounting in accordance with generally accepted accounting principles, unless otherwise stated and comply with the accounting standard referred to in section 133 of the Companies Act 2013 read with rule 7 of company (Accounts) Rules 2014 to the extent applicable.

The amendment to IND AS 102 provides specific guidance to measurement of cash-settled awards, modification of cash-settled awards and awards that include a net settlement feature in respect of withholding taxes.

It clarifies that the fair value of cash-settled awards is determined on a basis consistent with that used for equity settled awards. Market-based performance conditions and non-vesting conditions are reflected in the 'fair values', but non-market performance conditions and service vesting conditions are reflected in the estimate of the number of awards expected to vest. Also, the amendment clarifies that if the terms and conditions of a cash-settled share based payment transaction are modified with the result that it becomes an equity-settled share-based payment transaction, the transaction is accounted for as such from the date of the modification. Further, the amendment requires the award that includes a net settlement feature in respect of withholding taxes to be treated as equity-settled in its entirety. The cash payment to the tax authority is treated as if it was part of an equity settlement.

The requirements of the amendment have no impact on the financial statements as the standard is not applicable to the Company.

c) Use of Estimates

In the preparation of the financial statements, the management of the company makes estimates and assumptions in conformity with the applicable accounting principles in India that affect the reported balance of assets & liabilities and disclosures relating to contingent assets and liabilities as at the date of the financial statements and reported amounts of income and expenses during the period. Examples of such estimates include provisions for doubtful debts, future obligations under employee's retirement benefit plans, income taxes, the useful lives of fixed assets and intangible assets and estimates for recognizing impairment losses.

These estimates could change from period to period and also the actual results could vary from the estimates. Appropriate changes are made to the estimates as the management becomes aware of changes in circumstances surrounding these estimates. The changes in estimates are reflected in the financial statements in the period in which changes are made and, if material their effects are disclosed in the notes to the financial statements.

d) Critical accounting judgments' and key sources of estimation uncertainty

The preparation of the financial statements in conformity with the IND AS requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities and disclosures as at date of the financial statements and the reported amounts of the revenues and expenses for the years presented. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates under different assumptions and conditions.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

Critical Judgments In the process of applying the Company's accounting policies, management has made the following judgments, which have the most significant effect on the amounts recognized in the financial statements:

Discount rate used to determine the carrying amount of the Company's defined benefit obligation and Lease Hold Lands: In determining the appropriate discount rate for plans operated in India, the management considers the interest rates of government bonds in currencies consistent with the currencies of the post-employment benefit obligation.

Contingences and commitments: In the normal course of business, contingent liabilities may arise from litigations and other claims against the Company. Where the potential liabilities have a low probability of crystallizing or are very difficult to quantify reliably, company treat them as contingent liabilities. Such liabilities are disclosed in the notes but are not provided for in the financial statements. Although there can be no assurance regarding the final outcome of the legal proceedings, company do not expect them to have a materially adverse impact on the financial position or profitability.

Key sources of estimation uncertainty

The key assumptions concerning the future, and other key sources of estimation uncertainty at the end of the reporting period, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are discussed below:

Income taxes: The Company's tax jurisdiction is India. Significant judgments are involved in determining the provision for income taxes, including amount expected to be paid / recovered for uncertain tax positions.

Useful lives of property, plant and equipment: As described in Note 3.8, the Company reviews the estimated useful lives and residual values of property, plant and equipment at the end of each reporting period. During the current financial year, the management determined that there were no changes to the useful lives and residual values of the property, plant and equipment.

Allowances for doubtful debts: The Company makes allowances for doubtful debts based on an assessment of the recoverability of trade and other receivables. The identification of doubtful debts requires use of judgment and estimates.

e) Operating Cycle and Current versus non-current classification

The Company presents assets and liabilities in the balance sheet based on current/ non-current classification in accordance with Part-I of Division- II of Schedule III of the Companies Act, 2013.

An asset is treated as current when it (a) Expected to be realized or intended to be sold or consumed in normal operating cycle; (b) Held primarily for the purpose of trading; or (c) Expected to be realized within twelve months after the reporting period, or (d) The asset is cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period. All other assets are classified as non-current.

A liability is current when (a) It is expected to be settled in normal operating cycle; or (b) It is held primarily for the purpose of trading; or (c) It is due to be settled within twelve months after the reporting period, or (d) There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period. Terms of a liability that could, at the option of the counterparty, results in its settlement by the issue of equity instruments do not affect its classification. The Company classifies all other liabilities as non-current.

The operating cycle is the time between the acquisition of assets for processing and their realization in cash and cash equivalents. The Company has identified twelve months as its normal operating cycle.

NOTE NO. 2-SIGNIFICANT ACCOUNTING POLICIES

2.1 Revenue recognition

Revenue is recognized to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured, regardless of when the payment is being made. Revenue is measured at the fair value of the consideration received or receivable, taking into account contractually defined terms of payment inclusive of excise duty and net of returns, trade allowances, rebates excluding GST as collected on behalf of third party & Government.

Sale of Goods Revenue from the sale of goods is recognized when the goods are delivered and titles have passed, at which time all the following conditions are satisfied:

The Company has transferred to the buyer the significant risks and rewards of ownership of the goods;

The Company retains neither continuing managerial involvement to the degree usually associated with ownership nor effective control over the goods sold;

The amount of revenue can be measured reliably;

It is probable that the economic benefits associated with the transaction will flow to the Company; and the Costs incurred or to be incurred in respect of the transaction can be measured reliably.

Interest income Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable.

Dividends Dividend income from investments is recognized when the Company's right to receive the payment is established, which is generally when shareholders approve the dividend.

2.2 Segment Reporting

Operating segments are defined as components of an enterprise for which discrete financial information is available that is evaluated regularly by the chief operating decision maker, in deciding how to allocate resources and assessing performance. Thus, the Company's business falls under one operational segments i.e. Steel Products,

2.3 Foreign Currencies

Functional currency: The functional currency of the Company is the Indian rupee.

Transactions and translations: Foreign currency transactions are translated into the functional currency using the exchange rates at the dates of the transactions. Foreign-currency-denominated monetary assets and liabilities are translated into the relevant functional currency at exchange rates in effect at the Balance Sheet date. The gains or losses resulting from such translations are included in net profit in the Statement of Profit and Loss. Non-monetary assets and non-monetary liabilities denominated in a foreign currency and measured at fair value are translated at the exchange rate prevalent at the date when the fair value was determined. Non-monetary assets and non-monetary liabilities denominated in a foreign currency and measured at historical cost are translated at the exchange rate prevalent at the date of the transaction.

Transaction gains or losses realized upon settlement of foreign currency transactions are included in determining net profit for the period in which the transaction is settled. Revenue, expense and cash flow items denominated in foreign currencies are translated into the relevant functional currencies using the exchange rate in effect on the date of the transaction.

2.4 Property, plant and equipment

Property, plant and equipment (PPE) are initially recognized at cost. The initial cost of PPE comprises its purchase price, including non-refundable duties and taxes net of any trade discounts and rebates. The cost of PPE includes interest on borrowings (borrowing cost) directly attributable to acquisition, construction or production of qualifying assets subsequent to initial recognition, PPE are stated at cost less accumulated depreciation (other than leased land, which are stated as per IND-AS 116) and impairment losses, if any.

There are prescribed fair value method and cost method. The basis of cost method is being carried on for the valuation of PPE (other than leasehold land)

Leasehold Land

There are prescribed two types of lease, Financial and operating. AS newly inserted in IND-AS-116. The operating lease from the point of view of lessee and lesser, the discounting of lease rental need to done, however if the lease period is not more than one year, discounting is not required.

Further the carrying value the leasehold land shall be taken as Right to Use for the purpose of IND-AS 116 thereby all leasehold assets whether operating or financial shall be treated in equal manner.

Subsequent costs are included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is de-recognized when replaced. All other repairs and maintenance are charged to profit or loss during the reporting period in which they are incurred.

Depreciation is recognized so as to write off the cost of assets (other than freehold land and capital work in progress) less their residual values over the useful lives, using the straight-line method ("SLM") in the manner prescribed in Schedule II of the Act. Management believes based on a technical evaluation (which is based on technical advice, taking into account the nature of the asset, the estimated usage of the asset, the operating conditions of the asset, past history of replacement, anticipated technological changes, manufacturers warranties and maintenance support, etc.) that the useful lives of the assets as considered by the company reflect the periods over which these assets are expected to be used.

The carrying values of property, plant and equipment are reviewed for impairment when events or changes in circumstances indicate that the carrying value may not be recoverable.

The residual values, useful life and depreciation method are reviewed at each financial year-end to ensure that the amount, method and period of depreciation are consistent with previous estimates and the expected pattern of consumption of the future economic benefits embodied in the items of property, plant and equipment.

An item of property, plant and equipment is de-recognized upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on disposal or retirement of an item of property, plant and equipment is determined as the difference between sales proceeds and the carrying amount of the asset and is recognized in profit or loss. Fully depreciated assets still in use are retained in financial statements.

2.5 Financial Assets, Financial Liabilities & Equity INS-AS 32, 107 and 109

The advance to employee are capped not to exceed not three months' salary and no interest is charged. The advance are recoverable within one year

2.6 Capital work-in-progress and intangible assets under development

Capital work-in-progress/intangible assets under development are carried at cost, comprising direct cost, related incidental expenses and attributable borrowing cost.

2.7 Income tax

Income tax expense comprises current tax expense and the net change in the deferred tax asset or liability during the year. Current and deferred taxes are recognized in Statement of Profit and Loss, except when they relate to items that are recognized in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognized in other comprehensive income or directly in equity, respectively.

Current tax: Current tax is measured at the amount of tax expected to be payable on the taxable income for the year as determined in accordance with the provisions of the Income Tax Act, 1961. Current tax assets and current tax liabilities are offset when there is a legally enforceable right to set off the recognized amounts and there is an intention to settle the asset and the liability on a net basis.

Deferred tax: Deferred income tax is recognized using the Balance Sheet approach. Deferred income tax assets and liabilities are recognized for deductible and taxable temporary differences arising between the tax base of assets and liabilities and their carrying amount, except when the deferred income tax arises from the initial recognition of an asset or liability in a transaction that is not a business combination and affects neither accounting nor taxable profit or loss at the time of the transaction.

Deferred tax assets are recognized only to the extent that it is probable that either future taxable profits or reversal of deferred tax liabilities will be available, against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilized. The carrying amount of a deferred tax asset is reviewed at the end of each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred income tax asset to be utilized.

Deferred tax assets and liabilities are measured using the tax rates and tax laws that have been enacted or substantively enacted by the end of the reporting period and are expected to apply when the related deferred tax asset is realized or the deferred tax liability is settled. Deferred tax assets and liabilities are offset when there is a legally enforceable right to set current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority.

2.8 Impairment of assets

Financial assets: The Company assesses on a forward looking basis the expected credit losses associated with its financial assets. The impairment methodology applied depends on whether there has been a significant increase in credit risk. For trade receivables only, the Company applies the simplified approach permitted by IND AS 109 Financial Instruments, which requires expected lifetime losses to be recognized from initial recognition of the receivables.

PPE and intangibles assets: Property, plant and equipment and intangible assets with finite life are evaluated for recoverability whenever there is any indication that their carrying amounts may not be recoverable. If any such indication exists, the recoverable amount (i.e. higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the cash-generating unit (CGU) to which the asset belongs.

If the recoverable amount of an asset (or CGU) is estimated to be less than its carrying amount, the carrying amount of the asset (or CGU) is reduced to its recoverable amount. An impairment loss is recognized in the Statement of Profit and Loss.

2.9 Cash and cash equivalents

For the purpose of presentation in the statement of cash flows, cash and cash equivalents includes cash on hand, deposits held at call with financial institutions, other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

2.10 Provisions and Contingent Liabilities:

Provisions are recognized when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. Provisions are measured at the best estimate of the expenditure required to settle the present obligation at the Balance Sheet date.

If the effect of the time value of money is material, provisions are discounted to reflect its present value using a current pre-tax rate that reflects the current market assessments of the time value of money and the risks specific to the obligation. When discounting is used, the increase in the provision due to the passage of time is recognized as a finance cost.

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount cannot be made.

2.11 Inventories

Inventories are valued at lower of cost on FIFO basis and net realizable value after providing for obsolescence and other losses, where considered necessary. Cost includes all charges in bringing the goods to their present location and condition, including octroi and other levies, transit insurance and receiving charges. Work-in-progress and finished goods include appropriate proportion of overheads and, where applicable, excise duty. Net realizable value is the estimated selling price in the ordinary course of business, less the estimated costs of completion and the estimated costs necessary to make the sale.

2.12 Borrowing costs

General and specific borrowing costs (including exchange differences arising from foreign currency borrowing to the extent that they are regarded as an adjustment to interest cost) that are directly attributable to the acquisition, construction or production of a qualifying asset are capitalized during the period of time that is required to complete and prepare the asset for its intended use or sale. Qualifying assets are assets that necessarily take a substantial period of time to get ready for their intended use or sale.

Investment income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalization. Other borrowing costs are expensed in the period in which they are incurred.

2.13 Employee Benefits

Employee benefits consist of contribution to Employees State Insurance, Provident Fund, Gratuity Fund and Compensated Absences.

Post-employment benefit plans

Defined Contribution plans

Contributions to defined contribution schemes such as employees' state insurance, labour welfare fund, employee pension scheme etc. are charged as an expense based on the amount of contribution required to be made as and when services are rendered by the employees. Company's provident fund contribution is made to a government administered fund and charged as an expense to the Statement of Profit and Loss. The above benefits are classified as Defined Contribution Schemes as the Company has no further defined obligations beyond the monthly contributions.

Defined benefit plans

The Company operates defined benefit plan in the form of gratuity and compensated absence. The liability or asset recognized in the balance sheet in respect of its defined benefit plans is the present value of the

defined benefit obligation at the end of the reporting period. The defined benefit obligation is calculated annually by actuaries using the projected unit credit method. The present value of the said obligation is determined by discounting the estimated future cash out flows, using market yields of government bonds that have tenure approximating the tenures of the related liability.

The interest expenses are calculated by applying the discount rate to the net defined benefit liability or asset. The net interest expense on the net defined benefit liability or asset is recognised in the Statement of Profit and loss.

Re-measurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognized in the period in which they occur, directly in other comprehensive income. They are included in retained earnings in the Statement of Changes in Equity and in the Balance Sheet.

Changes in the present value of the defined benefit obligation resulting from plan amendments or curtailments are recognized immediately in profit or loss as past service cost.

The classification of the company's net obligation into current and non- current is as per the actuarial valuation report.

2.14 Earnings per share (EPS)

Basic EPS is computed by dividing the profit or loss attributable to the equity shareholders of the Company by the weighted average number of Ordinary shares outstanding during the year. Diluted EPS is computed by adjusting the profit or loss attributable to the ordinary equity shareholders and the weighted average number of ordinary equity shares, for the effects of all dilutive potential Ordinary shares.

2.15 Depreciation

Depreciation is charged on straight-line method (SLM) at the rates prescribed under Schedule-II of the Companies Act, 2013. Where, during any financial year, any addition has been made to any asset, or where any asset has been sold, discarded, demolished or destroyed, the depreciation on such assets is calculated on a pro-rata basis from the date of such addition or, as the case may be, up-to the date on which such asset has been sold discarded, demolished or destroyed.

2.16 Investments

Investments are carried at the lower of cost or quoted / fair value, computed category wise. Long-term investments are stated at cost. Provision for diminution in the value of the long-term investments is made only if such decline is other than temporary in the opinion of the management.

2.17 Investments Properties

2.20 Financial Instruments:-

a) Initial recognition and measurement

Financial Instruments are recognized at its fair value plus or minus transaction costs that are attributable to the acquisition or issue of the financial instruments.

2.21 Non-Current Assets (or disposal groups) held for sale

Non-current assets (or disposal groups) are classified as assets held for sale when their carrying amount is to be recovered principally through a sale transaction and a sale is considered highly probable only when the asset or disposal group is available for immediately sale in its present condition, it is unlikely the sale will be withdrawn and sale is expected within one year from the date of the classification. Disposal group classified held for sale are stated at the lower of carrying amount and fair value less costs to sell. Property Plant and equipment and intangible assets are not depreciated or amortized once classified as held for sale. Assets and liabilities classified as held for sale are presented separately in the statement of financial position.

If the criteria stated by IND AS 105 "Non-current Assets Held for Sale and Discontinued Operations" are no longer met the disposal group ceases to be classified as held for sale. Non-current asset that ceases to be classified as held for sale are measured at the lower of

- (i) Its carrying amount before the asset was classified as held for sale, adjusted for depreciation that would have been recognized had that asset not been classified as held for sale, and
- (ii) Its recoverable amount at the date when the disposal group ceases to be classified as held for sale.

The Company's primary focus is to foresee the unpredictability of financial markets and seek to minimize potential adverse effects on its financial performance. The primary market risk to the Company is foreign exchange risk. The Company uses derivative financial instruments to

mitigate foreign exchange related risk exposures. All derivative activities for risk management purposes are carried out by specialist teams that have the appropriate skills, experience and supervision. It is the Company's policy that no trading in derivative for speculative purposes may be undertaken. The Board of Directors reviews and agrees policies for managing each of these risks, which are summarized below

Credit risk

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the Company's receivables from customers and investment securities. Credit risk arises from cash held with banks and financial institutions, as well as credit exposure to clients, including outstanding accounts receivable. The maximum exposure to credit risk is equal to the carrying value of the financial assets. The objective of managing counterparty credit risk is to prevent losses in financial assets. The Company assess the credit quality of the counterparties, taking into account their financial position, past experience and other factors.

Trade and other receivables

The Company's exposure to credit risk is influenced mainly by the individual characteristics of each customer. The demographics of the customer, including the default risk of the industry the country in which the customer operates, also has an influence on credit risk assessment. Ratings of customers are periodically monitored. The Company has considered the latest available credit-ratings of customers in view of COVID-19 to ensure the adequacy of allowance for expected credit loss towards trade and other receivables.

Further 22% more Provision for Doubtful Debts have been provided in view of current situations.

22. Foreign Currency Risk

The Company's exchange risk arises from its foreign operations, foreign currency revenues and expenses, (primarily in U.S. Dollars) and foreign currency borrowings (in U.S. Dollars). A non significant portion of the Company's revenues are in these foreign currencies, while a significant portion of its costs are in Indian Rupees. As a result, if the value of the Indian Rupee appreciates relative to these foreign currencies, the Company's revenues measured in Rupees may decrease. The exchange rate between the Indian Rupee and these foreign currencies has changed substantially in recent periods and may continue to fluctuate substantially in the future.
